### **Orgasmic Birth**

Joyous, sensuous and revolutionary, *Orgasmic Birth* brings the ultimate challenge to our cultural myths by inviting viewers to see the emotional, spiritual, and physical heights attainable through birth. Witness the passion as birth is revealed as an integral part of woman's sexuality and a neglected human right. With commentary by Christiane Northrup, MD, and midwives Ina May Gaskin, Elizabeth Davis and other experts in the field...and stunning moments of women in the ecstatic release of childbirth.

### **The Business of Being Born**

Birth is a miracle, a rite of passage, a natural part of life. But birth is also big business. Actress Ricki Lake and filmmaker Abby Epstein interlace intimate birth stories with surprising historical, political and scientific insights and shocking statistics about the current maternity care system. Should most births be viewed as a natural life process, or should every delivery be treated as a potentially catastrophic medical emergency?

**Film Screening**  
7:00 - 8:30 p.m.

**Talk-Back Panel**  
8:45 - 9:30 p.m.
